Orders can also be send on a excel spread sheet and e-mailed to us

Or

The class teachers can transfer their class's orders onto the fax forms. Appointed teacher can collect fax forms from all the classes and fax it back to us. **Please keep the original order forms to refer back to when you receive the labels from Kidz Sticks.**

If using a fax vorm, please make sure that all names are written in an "easy to read" handwriting!

How long does it take to receive your orders?

Orders take approximately 5-6 weeks (from the day the pamphlets are send home from school, until the school receive back the printed Kidz Sticks labels from us). Orders can only be delivered when payment of the order is paid in full into the Kidz Sticks account.
